| • Tools & Platforms | Claude CLI, JIRA, Git, GitHub, Figma |

Projects

Printer Automation for Business | [Live Link](#)

Key Skills: React, JavaScript, CSS, Express.js, MongoDB, AWS S3, Git, GitHub, Figma, Render

- Architected a **multi-tenant SaaS** supporting shop-specific pricing, printers, QR codes, customers, and print jobs.
- Automated the printing workflow, reducing manual printing effort by up to 80%.
- Built a **Node.js Print Agent** to poll print jobs, download files from AWS S3, trigger local printer.
- Implemented **MERN + AWS S3** backend workflows for file processing, PDF page detection, pricing, queue management, and print-job tracking.

Digital Contract Farming | [Live Link](#)

Key Skills: React.js, Node, Express, HTML5, CSS3, Figma, UI/UX Design

- Built a React.js marketplace to directly connect farmers with contractors, organizations, and buyers.
- Implemented contract workflows for discovery, negotiation, and agreement management.
- Developed multi-page React workflows using React Router and Axios for API-driven application functionality.
- Shortlisted for **₹5 Lakh** RGPV Incubation Funding and won YUKTI Innovation.

E-commerce Website | [Live Link](#)

- Developed a full-stack e-commerce web application using AI-assisted development with Claude Code.
- Built reusable frontend components and responsive UI with a focus on maintainable application structure.
- Used Claude Code for code generation, debugging, refactoring, and development workflow acceleration.

Achievements

- Shortlisted for RGPV Incubation Funding — ₹5 Lakh.
- Winner, Sagar Oral Olympics — Graphics Designing & Motion Graphics.

Languages

- English, Hindi, Marathi
